on the farm. The following is additional information concerning County."

For the defense, Alto V. Lee, sociation in Birmingham last week this important subject.

The Soil Building Payments under the 1938 Agriculture Conservation Program are in addition to resulting for English the night of constant with Coffee's other court officers, was the "luckiest" man in the whole association. He had the

vation Program are in addition to the payments to be made based on cotton and peanut acreage allotments. Therefore, Soil Building Payments can not be earned unless Soil Building practices are carried out on the farm. These payments will go to farmers for doing that which is good for them and their farms. In other words, payments will be made for: Planting Austrian Winter Peas or Vetch.

Witness King testified that he was calling for English the night of the supposed attacks. "He was calling for the very man he said hit him." He lampooned the insurance charged by the State.

The elder Lee was next for the defense, talking for an hour and touching heavily on the insurance charge, pointing out that the policies were good only in case the back into the box for additional cies were good only in case the insured were killed in an automobile accident and that there was drawings for cash prizes, and was or Vetch, Terracing, Turning Sumor Vetch, Terracing, Turning Summer Legumes or leaving vines on land, Fertilizing pastures and nular that the transfer of insurance, he said, is "common among employers who is "common among employers" who is "common employers" In the past farmers have fail- carry it for their own protection, enough.
